AUSTRALIAN FAIRY TALE SOCIETY

MAGIC ARRIVES AT THE LIBRARY

Get your best fantastical and bewitching outfits ready for Bendigo Library's celebration of the book *South of the Sun: Australian Fairy Tales for the 21st Century*. Two magical events will be held during the June school holidays, one for teens and tweens, and one for adults.

Join fairy Louisa as she presents enchanting stories and songs inspired by the fairytale anthology. You'll have the chance to meet and chat with some of the writers and illustrators, and cover artist and photographic illustrator Lorena Carrington will exhibit her visual artwork.

Prizes will be awarded for the best costumes, with all genders welcome to participate in the dress-up party. Face painting will also be offered to help you be your most magical self.

South of the Sun: Australian Fairy Tales for the 21st Century is full of wicked and wise stories from emerging and award-winning Australian authors and is available for purchase at Bookish on Hargreaves Street.

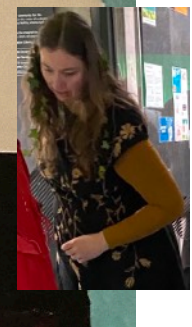

Both sessions of *Australian Fairy Tales* take place at the Bendigo Library on Thursday, June 30, with the older children's session at 2pm and the adult session at 5.30pm. To learn more or to register for either session, head to www.goldfieldlibraries.com

ROSALIND PARK TO GLOW IN THE DARK

If you can brave the cold evenings this winter, bundle up and make your way into town. Through a series of immersive projections and lighting effects, Bendigo's rich history will be explored as part GLOW: Bendigo after dark.

Eleven installations will transform Rosalind Park into a vibrant and sensory night-time experience over three weeks in June and July. When entering the park, visitors will be greeted by an illuminated Acknowledgement of Country to pay respects to the Dja Dja Wurrung People, the traditional owners of the land.
